

JAECO 130 Fanlight Stay

**Left Hung or Top Hung
positioning template**
(ie, Stay is fitted to the right
side or bottom of the window)

NOTE:

When printing, do not 'print to
Fit'. Print at 100% or 'actual size'.
You will lose some of the
template at top and bottom but
as long as you have the
positioning for one of the Stay
Knuckle drill holes you will have
the other.
